Waiting for the National Base Ball League to Make the Next Move.

ASSOCIATION REPRESENTATIVES MEET

Results of Foot Ball Games Played Saturday.

CURRENT SPORTING NOTES

The proceedings of the promoters of the new base ball association in New York Saturday evening were exceedingly well guarded, for the reason that very little news thereof has become public. The meeting was held Saturday night in New York. Representatives from St. Louis, Milwaukee, Chicago, Detroit, New York, Baltimore, Washington, Boston, Philadelphia and Providence were present.

The New York Herald says of the meeting: Those who attended the conference were Thomas F. O'Rourke, New York; Frank Heuser, Philadelphia; H. D. Quinn, St. Louis; Havin, Milwaukee; "Chris" Von der Ahe, "Al" Spink, George Schaefer and A. De Donato, St. Louis; Michael Scanlon, Washington, and Thomas Navin, Detroit.

It was claimed that the western circuit is complete, made up of St. Louis, Chicago, Milwaukee and Detroit. A letter received from Anson of Chicago was read, in which "Anso" said that he had secured grounds in a most prominent section of the city, and that there was not the slightest possibility of the success of another team in the windy city.

It was stated that persons in Boston had secured an option on the Charles River Park, but that the owners of the Boston National League Club, becoming alarmed, had made an offer for such option. The idea of the new association is to have no conflicting dates with the National League. The organizers think the public wants a popular priced league like the American Association before it was merged into the national organization, increasing the membership of the latter from eight to twelve clubs.

Mr. O'Rourke is quoted as saying: "Yes, I am going to take hold of the New York club new American Association. I think it will be a winner, and I shall stick to the finish. From what I heard from the other delegates today, there is no question in my mind that the association will be a go. I think there is room in this city for two clubs—one at high prices, the other at popular prices. We have already secured, but where they are will not be definitely announced until later."

Another feature of the conference was the appearance of both McGraw and Robinson of the Baltimore team of the National League. McGraw was in conference with the organizers, while Robinson stayed in the lobby, giving as an excuse for his appearance his presence at the big light the night before. But when McGraw came down stairs with McGraw and Robinson, Mr. O'Rourke admitted that as a partner of "Mac" he would do whatever the latter thought best.

The Washington people have returned home. The New York backers of the club to be placed in that city have come out solely for the national association. As they are willing to put up all the money desired.

The local situation has narrowed down to two contenders in either of whom Mr. Scanlon is bound to appear as the most prominent figure. Should the twelve-club National League continue, Mr. Scanlon will be represented therein with the senior make-up. Should the twelve-club circuit be reduced, Mr. Scanlon will be in the new association, and forward his best efforts in securing new players to make a good showing therein.

From the present outlook, things have a chaotic appearance, and the real base ball situation will come to the front when the National League holds its annual meeting in New York next month.

SATURDAY'S FOOT BALL GAMES.

Both Local Teams Won Over Eleven From Baltimore.

The representatives of local foot ball did themselves proud Saturday afternoon. The Georgetown boys defeated the Maryland University eleven by the score of 17 to 0, and the Y. M. C. A. lads did even better than the wearers of the blue and gray in the matter of points made by defeating the Druid Outing Club of Baltimore by the score of 22 to 0.

The day was almost perfect for foot ball playing, but the spectators found the keen air that swept over the gridirons rather chilly, while the grounds were still quite soft and the players were quickly covered with mud. Good crowds attended both games.

The game at Georgetown resulted in a victory for the wearers of the blue and gray on account of their superior play, being stronger and heavier than the visitors. Many times the Georgetowners "ried to skirt around the ends, but were driven to a standstill and frequently lost the ball in consequence. But when the center was tried for gains the weakness of the Maryland team soon became evident. Good gains were made by the Georgetowners at every rush, but their first goal resulted from a disastrous fumble by the visitors, back and the consequent pushing through the center. The best work of the game was done by Lenane, Reardon and Green of the Georgetowners, while Capt. Lewis and Whitehurst played the most effectively for the Marylanders.

The game at Van Ness Park was well played, but the heavy weight of the eleven carried everything before it. The Druids were much lighter, and of course quicker on their feet, but when the solid center push of the local team started after them, it was all over but the shouting. It is computed that the average weight of the local Y. M. C. A. boys is fully 180 pounds, while the Druids average was about 150. The Druids have been quite successful this season, winning several hard-fought games, while the Y. M. C. A. has but not a victory to their credit. For this reason alone their victory on Saturday is appreciated.

CARROLLS WON TWO.

Three Games Bowled With the Catholic Club of Baltimore.

The Baltimore Catholic Club played a three-game match with the Carroll Institute bowlers on the local alleys Saturday night. The games were splendidly bowled, but one score falling below the 800 mark, and were creditable alike to the visiting and the home players. The Catholic club team is well known in Washington, and during several years past have demonstrated their superior skill at ten pins. So it was hardly to be expected that the Carrolls would win a majority of Saturday's games, but that is exactly what they did.

as the Baltimoreans won out only in the second game. However, the Catholic club has the honor of making the highest total of the match, 876, in their victorious game. An interesting feature of the Catholic Club's play is always the bowler, J. J. Wheeler. This veteran player is beyond doubt one of the very best in this section. His wonderful skill in strikes bowling is constantly brought to notice. In this series, as the scores show, he has a record of seventeen strikes out of a possible thirty. This is seldom equalled in strikes bowling, and of course assure a big string, and it is interesting to observe in passing that Mr. Wheeler's record on regulation alleys has already this season reached the high total of 280 for a single game. On another occasion, in competition in Baltimore with Clark's "All Stars" he ran the high total of 243, 190 and 221 in a three-game match. Saturday's games were the first this season of the Institute team, playing in what will be their league formation. The individual scores made were generally good, and after O'Connor seasons up and regains the form which he displayed in former years when a bowler on the old Young Men's Catholic Club team, it is likely that the Carrolls will claim a handsome cup which they won last season as champions of the league.

The opening game was closely bowled at the outset, and at the close of five frames the visitors were an even dozen pins in the lead. In the second half Merritt and Cox, both played without a break, Harlow bowled but one. Wheeler fell off in the last half, and though he was marked 113 in the fifth game secured but 78 more before the close of the game. These things gave the Washington men a winning by 50 pins.

The score follows:
Carroll Institute. Balt. Cath. Club.
O'Connor..... St. Sp. Sc. St. Sp. Sc.
Merritt..... 1 2 119 Wheeler..... 5 3 191
Cox..... 6 3 212 Goldsboro..... 3 3 182
Gorman..... 5 3 184 Robinson..... 3 3 151
Harlow..... 5 3 162 Norman..... 3 3 164
Harlow..... 5 3 180 Coughy..... 3 3 114

Totals..... 10 20 730 Totals..... 17 16 876
The visiting club rolled masterfully in the second game, and the Carrolls trailed dismally behind from the opening. Gorman alone marking good ground, Wheeler, Goldsborough and Norman each secured a triple, a feat that none of the local players could accomplish.

The score of second game:
Carroll Institute. Balt. Cath. Club.
O'Connor..... St. Sp. Sc. St. Sp. Sc.
Merritt..... 1 2 119 Wheeler..... 5 3 191
Cox..... 6 3 212 Goldsboro..... 3 3 182
Gorman..... 5 3 184 Robinson..... 3 3 151
Harlow..... 5 3 162 Norman..... 3 3 164
Harlow..... 5 3 180 Coughy..... 3 3 114

Totals..... 10 20 730 Totals..... 17 16 876
Each side having won a game interest in the last event was great, and a magnificent contest was witnessed. The game was very close in every frame, and it was within reach of Coughy to pull out a victory for his side. His first ball in the closing frame lost him that chance, however, and the decision went to the locals. Tom Harlow is entitled to the credit for the victory, his score being fifty pins better than his nearest colleague.

The score of third game:
Carroll Institute. Balt. Cath. Club.
O'Connor..... St. Sp. Sc. St. Sp. Sc.
Merritt..... 1 2 119 Wheeler..... 5 3 191
Cox..... 6 3 212 Goldsboro..... 3 3 182

Harlow..... 5 3 180 Coughy..... 3 3 114

Totals..... 10 20 730 Totals..... 17 16 876
The visitors were entertained at a luncheon after the games. The Carrolls will play a return match at the Catholic Club alleys next Saturday night.

League tennis will be played at the Sauerbald tennis court between the Sauerbalds and Carroll Institute.

INDOOR BASE BALL.

Great Improvement Shown by the Local Team in Its Second Game.

The Y. M. C. A. indoor base ball team went to Baltimore Saturday and faced the West Branch team of the Y. M. C. A. once more, with the result that it was defeated by the score of 23 to 13. The local players are fast mastering the game, as on their first essay at the game they were unable to score, but Saturday they managed to chase thirteen tallies over the plate. The West Branch boys are considered the champions of Baltimore, and to be able to make this sort of showing against a strong team in their second game is quite a feather in the caps of the local Y. M. C. A. players. Rating and fielding of the local boys showed great improvement and increased confidence, and the base running of Lindsay was the feature of the game.

The West Branch boys will come to this city next Saturday night for the third game of the series with the Y. M. C. A. boys, and should the improvement continue the local team should put up quite a stiff game.

General Sporting Notes.

"Spoke" Sullivan knocked out Joseph Youngs of Buffalo in the twentieth round at the Greater Athletic Club in New York Saturday night.

At Rochdale, England, Saturday, Harry Cullum of Cardiff defeated E. C. Bradin in a half-mile run for the world's championship and \$1,000. Cullum covered the distance in two minutes and finished two yards in front of his competitor.

The officers of the Nutwood Driving Club at Dubuque, Iowa, announced Saturday that the club would hold a race meeting next fall, at which purses aggregating not less than \$5,000 would be offered. A race meeting has also been arranged for 1901, with the Dubuque Futurity stake, purse of \$7,500, as one of the chief attractions.

Catcher William J. Clarke of the Boston club, formerly an Oriole, went to Newark, Del., Saturday night for the Newark team against the Wilmington team. Victor Willis, the brilliant Boston pitcher, who was the Newark pitcher for the home team, was sent to the field to catch the Boston team as a special favor to catch him, as in a former team between the two teams.

Jesse M. Hicks, a student in the College of Mining at the University of California, died Saturday from the effects of injuries received Friday in a class foot ball game. Hicks was struck in the neck while making a tackle and his spine was injured, paralyzing ensue.

Joseph Chynski and Thomas Carey of New York, billed as the coming champion, met at Chynski's club and fought for the Olympic Club for a purse of \$500. The fight was to go fifteen rounds, but the limit was closer to fifteen seconds. After receiving a big cut on the forehead in the first round Carey became thoroughly frightened and ran away. In the second round he was knocked out by a slight push and remained there while the referee counted him out. The large crowd yelled "fak."

Reiter of Princeton sustained a severe injury in the game with Brown Saturday. Richardson tackled him, and in the fall Reiter cracked one of his ribs. He will not play in the Princeton game on Saturday night, but Dr. Wright says he hopes to have him in condition for the Yale game. Reiter is Princeton's best back.

The deal for the franchise of the Pittsburgh base ball club, President Dreyfus of the Louisville club, for the present. Both sides explain. Secretary Balliet, for President Kerr, said Dreyfus wanted Mr. Kerr to sign a guarantee that he would assume all indebtedness of the club, and that he would not be liable for the full price, but wanted a guarantee that the stock was worth at least twenty-five cents, and that there were no debts except a trifling amount verbally mentioned by Mr. Kerr. Mr. Kerr would not sign such a guarantee.

The total receipts of the Jeffries-Sharkey fight were \$1,348,818. The fighters were to get two-thirds of this, or \$899,442. Of this Jeffries got 50 per cent, or \$449,721, and Sharkey \$1,114,114. This week Jeffries is to get \$2,500 for showing at Koster & Blaf's Theater. Sharkey, who is also to appear next day, but Dr. Wright says he hopes to have him in condition for the Yale game. Reiter is Princeton's best back.

Thomas Mack, one of the oldest citizens of Alexandria, died suddenly today in his rooms at the old City Hotel, corner of Royal and Cameron streets.
